## OUR HOME POLITICS.

Thurman, Faust, King and Others at Lehi.

### LIBERAL POW-WOW AT PROVO.

A Decided Conflict of Opinion Among the Speakers—A Rehearsal Badly Needed.

The Tuesday evening Democratic rally at Lehi was quite an innovation in that place. A correspondent writes: "There was the usual glare of torches, the sound of music and the gaily-decorated opera-house. Among the motives were the following: 'Luxuries Should Be Taxed Rather Than Necessities,' 'Cheap Blankets and Dear Whisky,' etc., etc.

S. R. Thurman was the first speaker. He felt at home in Lehi, where he was so well known, and which had been his home for so many years. "We are here to-night," he said, "to talk about principles, and one of our principles is that it is the duty of every American to make himself acquainted with the government of his country. I am not here to-night because I believe you are going to send me to Congress. A year ago, by your suffrages, you sent me to a Democratic convention in Ogden. I went there. There, I was told that I could not be a Democrat because of my religion. I recognized it as the first time in the history of my country that a man could not be of any politics because of his religion. There were more there in the same position as myself, and at that time we resolved that we would labor to build up a Democratic Party here in Utah, and to

### BUILD IT ON DEMOCRATIC PRINCIPLES.

We have done so. At Ogden it was stated that no man could be a Democrat and at the same time a member of the People's Party. The point was made that, that being true, neither could a man be a Democrat and at the same time be a Liberal, but this was not agreed to. It is charged on the one hand that this is a church move to divide the Liberal vote; on the other, that it is a move to divide the People's vote. I say it is not a move to divide any vote, but a move to unite the vote of the Democracy of Utah with Statehood as our ultimate aim, because only under Statehood can we be really and truly free men. It is religious principles rather than party principles that are being discussed in Utah, and whenever religious principles figure in political questions, you will find a spirit of hate ruling, like it does in our neighboring Territory, and it was to save Utah from such a fate that our party was organized. We are free, and for a man to be free politically, he must also be free religiously. The principles of this government are the principles of Democracy.

He was followed by J. L. Rawlins, Dr. Faust, W. H. King and A. O. Smoot, Jr. D. G. Thurman read the platform of principles, and after more music by the band, and a vote of thanks to the managers of the meeting, the audience dispersed. A rally will be held in this city on Saturday.

### THE LIBERALS AT PROVO.

There was a Liberal rally in the courthouse at Provo on Wednesday night, which was mostly attended by Mormons and by Young Democrats. The Silver Band furnished the music and all the enthusiasm there was. A. G. Sutherland seemed to be the presiding officer and opened by giving a history of the Liberal Party, which was first organized in 1867, by a few apostate Mormons. This led to the Gorbette movement in 1869, when the first vote polled by the party was just 69 votes. Then men began to think and act for themselves, and the first newspaper of the party devoted to Liberal principles was the *Free-Press*, published at Camp Douglas. As the party was first organized to oppose the rule of the Mormon Church, it had continued the opposition, and all those who oppose the theocratic rule of the church are really members of the Liberal Party, or auxiliaries of the party. If the Young Democracy of Utah are true to the principles of the platform they have adopted they are Liberals, and every vote cast for Thurman will be a vote against the People's Party. If it had not been for the Liberal Party it would not have been possible for Thurman to be nominated. Although Mr. Sutherland's remarks all seemed in favor of Thurman, he claimed that if the Democrats were honest in their opposition to church rule they ought to vote for Baskin. At the conclusion of his remarks, Mr. Sutherland introduced the next speaker.

### MR. JOHN M. ZANE.

Mr. Zane delivered an eloquent speech of thirty minutes' duration, in which he attempted to prove that the Young Democracy was simply a church party, calculated to catch a few Liberal votes, and unlike the previous speaker, he led his audience to the conclusion that every vote cast for Thurman would be a vote against the Liberal Party. At the conclusion of Mr. Zane's speech there was a storm raging outside, and as the room was chilly and the curfew having rung to warn us of the legal hour to rest, a number went home no wiser than before. In the speaker's stand were David Evans and E. B. Crutlow, yet to speak, and those who felt it to be their duty to remain and listen to them are entitled to our sympathy. B. Provo, November 1.

### Change of Officers on the C. B. & Q.

CHICAGO, November 1.—H. R. Stone has been appointed second vice-president of the Chicago Burlington & Quincy system. E. P. Ripley succeeds Mr. Stone as general manager of the Chicago Burlington & Quincy Railway east of the Missouri River. The changes took effect to-day.

The Times prints the following: "The stand taken by Mr. Stone on the labor question is said to have had nothing to do with bringing about the present changes in his duties, and his course during the strike, whether prudent or imprudent, was sanctioned, and perhaps, to some extent, directed by persons higher in authority. At the same time it is the belief of many disinterested persons that the change will have the effect of quieting prejudices that exist in certain quarters on account of the attitude of the management during the strike and will, therefore, be beneficial to the company. There is some speculation as to whether Paul Morton will succeed Mr. Ripley in the position of traffic manager or remain at the head of the freight department. This seems to be a question that is not yet definitely settled.

### Painting the Town Red.

CARLEISLE, Pa., November 1.—A serious disturbance occurred in the campus of Dickinson College last night, between students of the college and the fire department of the city. During the evening the students arranged to paint the city red, and tore away palling of fence which surrounds the college proper, placing it in a pile with other rubbish, which caused the entire fire department to respond. When the firemen reached the campus, it was discovered that it was Hallow Even. They so arranged the fire that the hose were turned on both sides, about a dozen being injured. Mayor Carman issued warrants and several arrests are to be made.

### Humored Reduction of Wages.

TOPEKA, Kas., November 1.—President Strong, of the Atchison, Topeka & Santa Fe Railroad, accompanied by Vice-President Goddard, arrived here to-day from Boston to attend a meeting of the officers of that road. It is reported that a reduction of 10 per cent. will be made in wages of all the employees of the road receiving more than \$50 per month. This includes officers, clerks, conductors, collectors, station agents, etc. This reduction is made to meet the decline in the business of the road and to guard against the discharge of employees at a time when it would be difficult to secure other employment.

## THE BEAR LAKE DEMOCRATS.

Hawley as Delegate to Congress, and a central county committee and committee on county platform and resolutions were nominated. The central committee named were Joseph Jones, J. S. Barrett, Isaac Palmer, N. C. Nelson and Landon J. Rich. Committee on platform and resolutions, J. S. Barrett, J. C. Rich and C. L. French. ## Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial. They are an admirable Liver and After-dinner pill, and everywhere endorsed by the profession. "Ayer's Pills are highly and universally spoken of by the people about here. I make daily use of them in my practice."—Dr. I. E. Fowler, Bridgeport, Conn. # ROYAL BAKING POWDER

## ABSOLUTELY PURE.

For quick raising, the Royal Baking Powder is superior to all other leavening agents. It is absolutely pure and wholesome and of the highest leavening power. It is always uniform in strength and quality and never fails to make light, sweet, most palatable and nutritive food. Bread, biscuits, muffins, cake, etc., raised with Royal Baking Powder may be eaten hot without distressing results to the most delicate digestive organs. It will keep in any climate without deterioration.

Prof. H. A. Mott, U. S. Government Chemist, after examining officially the principal baking powders of the country, reported:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the United States Government.

"Because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.
